creating better environments

Blackhall Supported Accommodation

Blackford Crescent is a purpose built centre comprising two adjoining single-storey, four bedroom houses, each with living, dining, kitchen and recreational facilities. Managed by the Richmond Fellowship of Scotland, the centre enables supported independent living for its tenants. Forbo's Flotex was specified by Jonathan Wood, Project Architect at Barrs Construction, for the communal living and dining areas.

Location	Paisley, Renfrewshire
Flooring Contractor	Proctor Flooring Ltd
