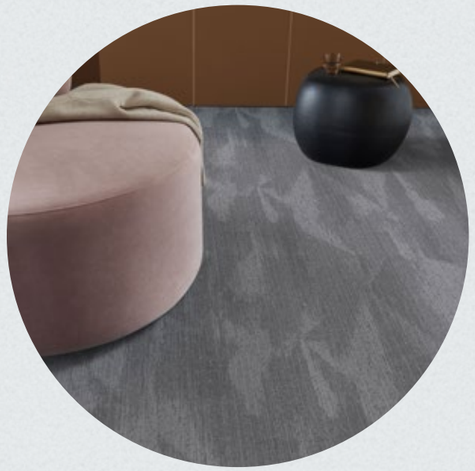
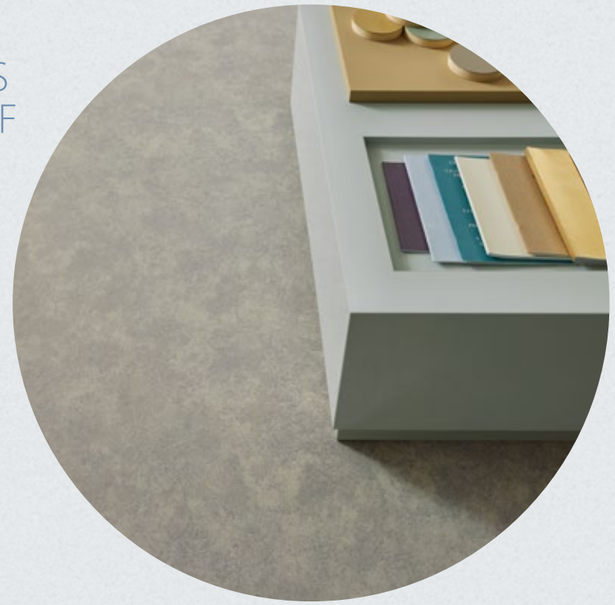
STYLISH AND PRACTICAL FLOCKED FLOOR COVERING

Flotex high performance carpet features a unique flocked construction that provides a healthy, cleanable, durable floor that is also warm, comfortable, slip-resistance, and acoustic with state-of-the-art digital print technology for endless design possibilities.

Flotex has received the Allergy UK Seal of Approval™ and is proven to have positive impact on the lives of allergy sufferers. Because of its highly dense pile, twice as many allergens are trapped in Flotex's nylon fibres and released upon vacuuming in comparison to conventional carpet.

FLOTEX IS A STRONG AND HYGIENIC FLOOR WHICH IS COMPLETELY WATERPROOF





flotex® colour
penang

Flotex Penang offers a stunning look for any modern environment. Its hint of the wood grain design provides a quiet, neutral floor design.

flotex® colour
metro

Flotex Metro is a versatile semi-plain design which covers a wide and modern color range. The understated pattern conveys texture without definite form, creating an authentic feel that is unique to Flotex.

flotex® advance
latitude

Offering a calm yet sophisticated aesthetic look, the inspiration for Latitude comes from the transient elements of free-flowing water. Detailing subtle gradients of light and dark the design maintains a fluidity creating modern and effortless comfort to any space.

flotex® advance
code

Code pays homage to the creativity of the office worker offering a connection to the art of the typewriter, used by many as a means to produce inspirational and innovative design. The interplay of letters and characters layer and overlay to form a unique and abstract pattern.

flotex® is...

Flotex releases up to 76% of original soil after vacuuming compared to 46% for loop pile carpet

LEED - Flotex tile has a recycled backing (52% Pre-consumer)

Slip Resistant Wet & Dry - Provides safety and minimizes liability from slips and falls

Acoustics - Sound absorption 19dB (tile) and 21dB (sheet). Impact Sound Transmission (flooring/ceiling) of IIC 70 (tile) and IIC 68 (sheet)

Durable - 46,000 upright nylon 6,6 fibers per inch^2, resists crushing and matting

Easy to Clean - Our dense, upright fiber makes it easier to clean (no loops or twists to trap dirt)

Closed cell cushion backing - Comfortable/ quiet warm under foot, and 100% impervious to water (waterproof)

Soil & Stain Resistant - Most spills can be removed, including permanent marker

Hygienic - Flotex is a supplement to, and not a substitute for, standard infection control practices, and has been shown to reduce microbial contamination based on Independent Laboratory Testing.

Improved indoor air quality - Dirt and allergens are easily removed by vacuuming. Flotex has received the Allergy UK Seal of Approval™. Does not contain harmful VOC's.

THE PILLARS
OF OUR AMBITION

Three words are at the foundation of everything we do:

Transparency, circularity and renewability

PRODUCT DEVELOPMENT AND DESIGN (PRODUCT DEVELOPMENT WITH CIRCULARITY AND USERS IN MIND)

- Flotex is 100% phthalate free
- Fully transparent choices by using the EPD's which are 3rd party verified, using only 100% safe and traceable REACH compliant materials
- All Flotex products are manufactured with 100% green electricity and have very low product emissions that are below the industry average
- Flotex Colour and Advance ranges have no pattern repeats, reducing installation waste
- Flotex is the only textile covering approved by the British Allergy Foundation as it traps dust and allergens on the surface and releases them with a simple vacuum

SOURCING AND RAW MATERIALS (MAXIMIZING THE USE OF SUSTAINABLE AND RENEWABLE RAW MATERIALS)

- Maximized use of recycled content in all products, Flotex tiles & planks contain up to 59% recycled content and actual content is published in our EPD's
- Controlled supply chain certification -ISO 140001 and 9001 standards and SA8000 for ethical supply chain
- Use of recycled materials back to our own products, all our raw materials meet the strictest health requirements

PRODUCTION AND DISTRIBUTION (CARBON NEUTRAL AND ZERO WASTE PRODUCTION)

- Flotex production is dedicated to the concept of zero waste. 86% of factory waste is recycled
- Flotex is produced in an environment where substantial reductions of CO_2 have been achieved and additional improvements are planned
- We have eliminated excess packaging from jumbo rolls of Flotex, which has cut our cardboard usage by 50 tons/year
- We use water-based inks and dyes to manufacture Flotex, no additional chemical processes take place other than high temperature steam treatment to secure the colors

LONG LASTING & EASY TO MAINTAIN (HIGHLY DURABLE AND FIT-FOR-PURPOSE SOLUTIONS)

- Modular installation like Flotex tiles and planks can save time, installation waste, money and the environment
- Forbo Flooring offers compatible Coral entrance flooring to keep Flotex cleaner for longer and reduce cleaning by up to 65%
- Thanks to its hard-wearing properties and durability benefits, Flotex flocked flooring has a product lifetime that surpasses that of ordinary textiles
- The very dense structure of Flotex prevents the penetration of dirt that remains on the surface
- The vertical fibers easily release dust, allergens and dirt

RECYCLING AND END-OF-LIFE (RECREATING VALUE AT THE END)

- Forbo is a member of C.A.R.E, a 3rd party recycling stewardship, which can divert Flotex from landfills at end-of-life, to be recycled into other goods.
