

Bandon Co Op Retail Centres, Co Cork

“We chose Allura Puzzle as a flooring solution for the redevelopment of our stores for its superior installation speed, ease of maintenance, durability and aesthetic values. We were able to remain open while we fitted large areas with Allura Puzzle which was of great importance to us and our commercial customers. Apart from the floor actually being one of the more aesthetically suitable and easily cleanable finishes we also didn’t have to worry about health and safety risks associated with solvent used in fitting traditional flooring systems.” Ed Forde, Store Manager Bandon Co Op Retail Centre, Enniskeane, Co Cork
