

Beaconfield East Dementia Ward at Hillingdon Hospital

In need of a floor covering that had a homely, nonclinical feel combined with effective slip resistance, GBS Architects installed 590m² of Forbo Flooring Systems' Surestep Wood Decibel in a rehabilitation ward for older adults, as part of the Beaconsfield East Dementia Care Project. Using a grant received from the Department of Health Capital Investment initiative, the Hillingdon Hospitals NHS Foundation Trust refurbished the Beaconsfield East Ward, which won the Best Internal Environment Award at the Building Better Healthcare Awards 2014.
