

## Bear Club Lounge of the Sport Arena Moos, Gümligen

The sports center for ball sports in Gümligen is suitable for training and competition in volleyball, field hockey and handball. In addition to the playing field, the grandstand facility offers space for about 2000 people. However, the sports center not only enchants the hearts of ball sports enthusiasts, but in addition to the attractive location, scores with multifunctional premises and a catering offer for events of all kinds such as congresses, seminars and exhibitions. In the Bärenclub lounge, Flotex Metro in the color scheme anthracite was laid over a total area of 600 square meters. There, 200 people can be seated, and the Flotex textile floor covering meets the high requirements for durability, good walking comfort and impact sound reduction. In this way, the bistro invites people to sit together in a comfortable atmosphere during events.
