

Capital Smart office

CAPITAL is a network of real estate agents. Tessera Cloudscape is the ideal floor covering for their bright and modern office. Tessera Cloudscape loop pile carpet tiles offer a tonal progression of colors ranging from dark to very pale, inspired by the constantly changing cloud formation of the sky above us. The naturally inspired colors allow the creation of light, airy and relaxed working spaces in any commercial office. The high acoustic value of 26 dB offers minimal noise transmission.
