creating better environments

Clínica Bíblica Aleste - private hospital

A private hospital located in a thriving upper- and middle-income residential area in East San José. Founded in 1929, Clínica Bíblica is a leading private healthcare group in Costa Rica. Aleste is its newest facility. The architects selected Forbo Flooring for the excellent performance and aesthetic qualities of Allura Decibel 0.8 and Sphera Element, Elite and SD, which align perfectly with the market segment the institution caters to.
