

**Countess of Chester Hospital**

Patients and staff at the Countess of Chester Hospital are enjoying a soothing and welcoming ambience thanks to Forbo Flooring Systems' Marmoleum flooring. The Haemaetology and Oncology Suite wanted to create an environment that reflected warmth and calm by using natural colors to engender a feeling of well-being. The installation at the Training & Education Center was a new build project, which also included a refurbishment of the original Postgraduate Medical Centre (PGMC).
