

DFCO Salon Présidentiel, Dijon

The architect of the DFCO Presidential Salon project (Dijon Football Côte d'Or) trusted Forbo Flooring Systems by selecting a quality product: the flotex. It is a flaky textile flooring, known for its technical qualities that make it an acoustic floor, comfortable to walk and easy to maintain. It is a hygienic flooring, detachable and washable with water thanks to a 100% waterproof support. This product offers a wide range of colours and shades for a unique and personalized place.
