FLOORING SYSTEMS

creating better environments

DUAL architekti office

Flotex was chosen because of the benefits this flocked flooring solution offers: exceptional surface durability, impact sound reduction of 19 dB, easy cleaning and maintenance and certified by the British Allergy Foundation, guaranteeing improved indoor air quality. The Flotex planks collection offers 12 attractive designs in different colours. The modular planks can be installed in a variety of configurations, from brick lay to herringbone. The DUAL architect office is located in a historical building on the bank of river Daugava. The contemporary Mūkusala Business Centre covers six hectares of land on the left bank of the River Daugava, between the Railway Bridge and the Island Bridge. The area is divided from Jelgavas iela and Vienības Gatve by Kīleveins Ditch. Mūkusala Business Centre aims to develop this historic area of Riga while continuing its tradition of innovation and establishing a location for successful companies.
