

## Dolle Diva

Art on the floor - digitally printed vinyl Dolle Diva is more than a restaurant. With 172 chandeliers on the ceiling, a bar of marbled stone, a painting by Banksy, street art by studio Giftig, world's best graffiti artists and a floor as a work of art in itself, it is a unique experience and Instagram-worthy hotspot right in the center of Amersfoort. Owner Luc Dielissen got the inspiration for the flamboyant interior from London. The digitally printed vinyl floor is a design by feel-good artist Aleksander Willemse, known worldwide for his love of flowers. The razor-sharp printed floral designfloor adds to the WOW factor the owner wanted to create here. The floral trend, spotted by our own Forbo design team in Trendreport 2021/22, joins the new range of floral patterns found in our extensive digital design collection. Want to know more?
