

Edinburgh College

For the refurbishment of Edinburgh College's busiest campus, its FM team called upon Forbo Flooring Systems' Modul'up adhesive free sheet vinyl for its unique ability to be installed quickly and easily, while reducing downtime and disruption to day-to-day college life – as the floor covering could be walked on immediately after installation.

Based in the North of Edinburgh, Edinburgh College Granton Campus is the largest of the college's four campuses. A modern, practical and accessible building packed with state-of-the-art facilities, the building spans over 30,000 sqm of space across three floors and sees 1,800 students and staff come through its doors every day.
