

**Edinburgh Gin**

When Edinburgh Gin wanted to open its latest pop-up store in Edinburgh city centre, they tasked Exhibeo VM to design a store which reinforced the company’s branding, whilst creating a lasting visual impact. Using a colourful, textured look to elevate the customer experience and entice shoppers into the store, Exhibeo VM specified Forbo Flooring Systems’ adhesive-free Modul’up range in the Coral Terrazzo colourway, to bring the vision to life.

Location	Edinburgh
Interior designer	Arantxa Garcia (Exhibeo VM)
