

Egedal Town hall

The Egedal Town Hall is designed for administrative environments in open offices. The inherent risk of noise is solved by applying Furniture Linoleum on the desks, which has acoustic reduction properties. "Desktop linoleum is an excellent material with a soft surface that really helps to reduce extraneous noise. On top of that it's antibacterial." Rikke Holm, Interior architect, H+ ARKITEKTER

Interjers	H+ ARKITEKTER, Rikke Holm & Ann-Helene Kappel Nilsson
Celtnieks	Egedal Kommune
Fotogrāfs	Peter Jørgensen
Adrese	Egedal, Danmark
Iekļāšana	Montana Mobile og FourDesign A/S
