

Evoo Barzzeria

The natural aesthetics, durable performance and extensive colour palette of Forbo Flooring Systems' Allura Wood luxury vinyl tiles (LVT) collection have all played a significant role in creating a contemporary, stand-out environment for Evoo, a new 'barzzeria' in Barnsley, Yorkshire.

'Evoo –The Barzzeria' is a pizzeria and bar, which combines authentic Italian cuisine with Britain's popular cocktail culture, forming the world's first 'barzzeria'. Set in a once prominent building that was left derelict for years, Julie Poulter Interior Design (JPID) was tasked by restaurant owner, Jaz Boparai, to design 'the best-looking bar' in Barnsley. Subsequently, the project was awarded 'Commended' in the Fly Forbo competition 2018/2019.
