

Extension unité de production, Montaigu

The architect of the project to extend a production unit in Montaigu trusted Forbo Flooring Systems by selecting a quality flooring: the flotex. It is a flocked textile flooring, known for its acoustic properties, walking comfort and ease of maintenance. The chosen product is part of the flotex vision flooring collection. The showtime vision sets come in four different universes. The motif chosen for this project is part of the Ecosystems universe known for its Japanese effect.
