

Forster Aged Care Facility

Coastal Elegance in Forster's Aged Care Facility Nestled on the Barrington Coast of NSW, this sophisticated aged care facility, envisioned by Saran Interiors, captures the essence of the coastal lifestyle. The newly refurbished social area radiates warmth and welcome, with a colour palette reminiscent of the coastline. Turquoise blues and mustard yellows infuse life into the space, mirroring the breathtaking beaches just outside. It's like a piece of the coast brought indoors. Forbo's Sarlon Wood acoustic vinyl flooring range adds to the homely ambience. It not only replicates the natural look of wood but also ensures acoustic comfort. In the kitchen areas, Forbo's Surestep safety flooring combines slip-resistant features with a fresh, clean appearance that's easy to maintain. It's the perfect blend of safety and style.
