

**Gnarly Market**

Gnarly Burger is a hamburger food chain located in the Stockholm area. For their fifth restaurant in Vällingby, northwest of the city center they chose to use Forbo Flotex on the floors. Gnarly Market is an expansion of the Gnarly Burger restaurant concept where you also can (besides eating burgers) play bowling, pool, shuffleboard and flipper. They chose different colors of Flotex tiles and planks throughout the restaurant and activity areas.

Nom du projet	Gnarly Market
Date d'achèvement	2017
Lieu	Vällingby, Sweden
