

Groupe santé CHC

The Groupe santé CHC is a key player in the healthcare landscape of the province of Liège. The group manages clinics, medical practices, retirement homes, a day care centre and operational services. Groupe santé CHC has 1,044 acute beds, 30 psychiatric care home beds and 707 beds in residences for the elderly. So many facilities with different rooms also require different types of flooring. Forbo Flooring offers a wide range of flooring solutions. Groupe santé CHC used Sphera Energetic homogeneous vinyl, Surestep safety vinyl and Flotex flocked flooring tiles and planks. Flotex by Starck Twilight floors were installed as a real eye-catcher in the corridors and some special areas.
