

Hôtel Jo&Joe Gentilly

JO&JOE, presented by Accorhotels, is an Open House with an innovative design. All Open Houses share the same values: hospitality, design, comfort and accessibility. Everyone is welcome. Spaces have been designed in an authentic way and a neutral and chic flooring has been chosen to contrast the whole. In the bedrooms, we find a light brown Sphera flooring and in the bathrooms a Surestep flooring. However, there is an exception for the hallway, designed by Penson, where the modern flooring range Flotex circulation has been used in an artistic way.
