

Hellesdon Hospital

For Hellesdon Hospital in Norwich, cleanability, hygiene and aesthetics were at the top of the list of considerations when it came to specifying new flooring for the Hospital's "Rivers" restaurant. From experience, the unrivalled performance of Flotex, Forbo's truly unique electrostatically flocked floor covering, ticked all the right boxes and the high definition (HD) Flotex Vision range in particular, presented a highly stylish option: Flotex Spin.

Location	Norwich, United Kingdom
