

Highschool ROC Tilburg Campus Stappegoor

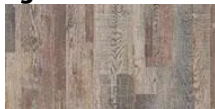

ROC Tilburg has 16 mbo-schools at 8 locations. The school for fashion and beauty care is located on Campus Stappegoor and has recently been renovated. The heavily soiled, existing cast floor of the hairdressing school was an eyesore of housing manager Harrie Vermeulen. Together with the hairdressing teachers and with Van de Sande Woninginrichting, Vermeulen went in search of the most suitable floor. The floor must be able to withstand stains that cause hair dye, but also a low impression sensitivity was important. After months of testing on different types of floors, our Eternal project vinyl came out on top. Because only concrete look looks very cold, a combination of concrete and wood look was chosen. Both teachers and hairdresser students are very happy with the new look.
