

Hotel Savoy Františkovy Lázně

One of the first traditional Spa hotels right in the city center of Františkovy Lázně. Hotel is a specialist for the traditional spa treatment and rehabilitation by which they exclusively use the local natural curative sources. In the historical building they use for floor only carpets, but for restaurant traffic they requested easy to maintain carpet tiles. Architect decided to use Flotex Tiles, as they combine the easy maintenance with the healthy indoor environment and luxury design. The selected design Integrity2 perfect fit with the historical interior and furniture.
