

IT Alliance

Peacock Interiors in Dublin, Ireland, has created a symbiosis between two office floors at I.T. Alliance Group’s new premises, which won the Highly Commended prize in the 2014 Fly Forbo competition. This was achieved by installing a mixture of Forbo Flooring Systems’ Allura LVT, Tessera Teviot and Westbond carpet tiles in a striking pattern to reflect the company’s corporate colours and branding, whilst maintaining a fresh and contemporary space. The Westbond range is no longer in collection, for alternatives explore our Carpet tiles collections.
