

Ikšķīles Secondary school

Ikšķīle is a fast-growing town. Because of this it was decided to build an additional part to the Ikšķīles school. A Marmoleum floor has been chosen because of its a natural and colorful look and feel, which fits perfectly into the school. Marmoleum Real colors 3238 laguna, 3239 olive green, 3245 summer pudding and 3248 mammoth are not in collection anymore. When you click here or on the tabletops below, you will be directed to the new Marmoleum Real collection where you can find similar designs.
