

Intermar Business Center, Łódź, Poland

Inter-Mar Business Center belongs to a group of two prestigious properties with a total area of 16 000m² located in Lodz. The building uses a lot of pro-ecological solutions, among which are the Forbo's flooring. Tessera carpet tiles were installed in the offices and LVT Allura in the canteens. The acoustic properties and low VOC emissions of Tessera carpet tiles improve indoor environment. All Allura LVT are created with the highest environmental stands in mind and all floors in the Allura range are phthalate free.
