

Lucie and Raymond Aubrac Middle School

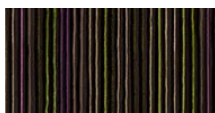

The Aubrac middle school in Châtaudren-Plouagat has been fully fitted with Flotex flooring to provide students and staff with a comfortable, safe, and easy-to-maintain school environment. To meet the specific requirements of a school : high traffic, hygiene, comfort, and acoustics ; Flotex was chosen for its unique qualities. This high-tech flocked flooring combines the warmth and comfort of carpet with the durability and ease of maintenance of PVC flooring. The installation of Flotex has transformed 2 500 m² of classrooms, corridors, entrance halls, and other areas of the school into more comfortable, healthy, and durable spaces.
