

Marmassistance Office, Istanbul

Project size : 2.400 m2 *Description of Marm assistance's* Marm placed itself as one of the top qualified "business partner" for medical assistance, roadside management, health tourism, travel and legal issues for major international travel insurance and assistance companies of the world - mainly in Turkey, Caucasians, Middle East and North Africa. Marm is the assistance services provider located in Turkey with an effective reach to Europe, Middle East, Africa and Central Asia *About Project* Net Architecture Office's flooring preference was Forbo! In the Marmassistance Office project NET Arhitect Office has signed a modern design. One of the stylish details of the project is the Allura Flex floors, which are used to create a modern look suitable for the project. Offering an elegant and aesthetically pleasing look, especially on raised flooring, the Allura Flex provides ease of maintenance and long-term use with a 1,00 mm layer that prevents erosion in high traffic offices. With natural stone appearance and different surface alternatifs, Allura Flex fits seamlessly with indispensable Tessera Layout carpets of architects. *Key message about floors* Synchronized harmony of carpet and vinyl.
