

Medical Biotechnology Scientific and Industrial Complex, Konstanynow Lodzki, Poland

The complex was commissioned in 2015. The biotechnology plant in Konstanynow is a modern investment with an area of 6.5 thousand m2 located in the Łódź Special Economic Zone. It is the only biotechnological medical factory in the world so advanced in terms of technologies used. IN the building the 2000 m2 of Forbo Colorex SD tiles and 1000 m2 of Colorex EC were installed.
