

NMC HOSPITAL, BAUSHER

For 43 years, NMC Healthcare has earned the reputation of being a world-class medical institution synonymous with genuine care and commitment. As part of its global expansion plans, NMC has launched its operations in Oman in 2017 with state-of-the-art medical facilities in the region with the aim of providing quality, compassionate and affordable healthcare. The newly built hospital was designed with future medical developments in mind. Best quality & innovative products used for this project. It was this concept that NMC project manager Mr. Sanoop Purushothaman selected Forbo products, in particular Sarlon Sparkling and colorex. He was stating that "Now the time to break the thumb rule " by choosing heterogeneous flooring ,especially Sarlon Sparkling !!!!
