

Nursery nr 69, Poland, Warsaw

Nursery no. 69 located in Warsaw offers professional care for children from 20 weeks to 3 years of age in living conditions similar to home conditions. The aim of the facility is to provide the best quality services, meeting the expectations of parents by providing children with appropriate nursing and educational care, conducting play activities with elements of education taking into account the individual needs of the child, as well as its psychomotor development. In the playrooms, soft and hygienic Forbo Flotex carpets with cheerful, expressive patterns have been installed. Natural and child-safe Marmoleum flooring was chosen in the corridors and in the cloakroom.
