

Olaine history and art museum

The 3 exhibition rooms on the Olaine History & Art Museum display the development of the Olaine region and its role in the Latvian economy from the 19th century to the present day. Forbo Safety vinyl flooring was chosen for its pleasing appearance and its excellent non slip properties. Forbo's Surestep Material is a particle enhanced floor covering ensuring a lifetime slip resistant performance. The unique "Step Crystals" provide a clear and bright visual and meet safety demands across a wide range of applications.

Location	Olaine, Latvia
