

Park Hotel Linköping

This small railroad hotel was built in 1888, making it one of Linköpings oldest hotels. It has been managed by the Jonsson family since 2004 and they've been inspired by the interior design of the hotel "Fawlty Towers" from the tv-series with the same name. They have chosen a red carpet flooring in the hall and corridors to match the old English style.

Date of completion 2012

Location Linköping, Sweden
