

Placasa

Placasa, a leading company in the Bergantiños region, has chosen to renovate its offices with the highly reliable and warm Allura DR5 flooring. This renovation reflects Placasa's commitment to creating a functional and welcoming environment for its multifaceted office space, which serves both administrative and staff relaxation purposes. The choice of Allura DR5 ensures that the offices are not only aesthetically pleasing but also durable and easy to maintain. This flooring solution perfectly complements the modern and dynamic nature of Placasa's operations.
