

Rôner Pharmacy

René van Dongen fotografie

René Kuipers, owner of the Rôner Pharmacy in Roden, The Netherlands, is delighted with the fantastic new location in the new health centre in Roden. The pharmacy is much more spacious and efficient. The modern, contemporary materials used in the interior create a nice balance between warmth, transparency and a professional look, without losing sight of privacy. The sparkling limoncello colour from our Marmoleum Splash flooring collection in combination with the soft grey from the Marmoleum Fresco range, gives the desired spacious look & feel.
