

Rail Hamanasu

JR (Japan rail) decided to use Flotex Vision Naturals (Wood) for the express train "Hamanasu" runs in Hokkaido which is north island in Japan. Hamanasu is the name of the popular purple flower in Hokkaido which has a lot of nature. Flotex wood was installed with the concept of beautiful nature for this train. Flotex Vision is unique flocked floor covering with natural texture, as well as it combines over slip resistance and easy cleaning with snow in Winter.
