

Relax Area in Forum Gdansk shopping mall

Forum Gdansk is a unique shopping mall with over 20 cafes and restaurants, a two-level cinema with 9 rooms, over 170 shops and 2 hectares of beautifully designed greenery. In Forum Gdansk the comfort of customers was taken into account and the Relax Zones have been created. The Relax Zones with a soft, comfortable Flotex on the floor, have been designed by the arch. Kasia Cerazy and arch. Ewa Stefanowska-Koska.
