

Smart Smile Orthodontics

Smart smile orthodontics in Strathpine Brisbane, prides itself on a high level of skill, care, and comfort to enhance the well-being of its patients. To reflect these values; the specialist fit-out team at Dental Projects Group, designed and created a relaxing and welcoming space that moves away from the traditional clinical look and feel. The colour pallet and materials chosen, are inspired by nature and large windows were included to let in natural light for the numerous indoor plants. Marmoleum, made from plant-based ingredients is a floor that complements the natural theme and provides an easy to clean and hygienic flooring solution. A flooring choice for a healthy indoor environment.
