

Social & Health Care College Herning

The Social & Health Care College in Herning, Denmark, has created round work spaces for students to work and study in. On the round constructions, 1.000 m² of Furniture Linoleum has been applied. "We wanted to create warm textures in a robust environment. Also we wanted good acoustic performance. We considered several materials, and chose Forbo Furniture Linoleum". Constructing architect Bent Veller Hansen, Aarstidernes Arkitekter A/S

Location	Social- og Sundhedsskolen Herning, Denmark
