

Specialist Nursery Rehabilitation

Promyczek is a rehabilitation and integration nursery in Niemodlin. The facility not only provides children aged 6 months to 3 years with appropriate nursing care and care as part of educational and care activities. The main assumption of the facility is to create a place friendly to children and their parents, a place where every child is safe, accepted, loved and surrounded by a warm atmosphere. In the facility PVC Sphera and Eternal floor is used in carefully selected colors.
