

**Storebælt Sinatur Hotel & Konference**

Storebælt Sinatur Hotel & Konference is located in Nyborg, Denmark on a beautiful location just a few meters from the beach. The hotel has undergone an extensive expansion and refurbishment. "When we had to replace the carpet cover, we were looking for something that was easy to maintain, but also able to create a homely, cozy atmosphere. We chose a solution with the herringbone look (Hungarian Planks), which adds a very special glow and warmth to the floor while it looks exclusive, and it is so much easier to clean. We have subsequently decided to put the same floor in our meeting and conference rooms." - Lene Clausen, Sinatur Hotel
