

Strokes Hong Kong

Strokes is an indoor mini-golf in the center of the business district of Hong Kong. Creating a sense of space in a limited area is always a challenge for Hong Kong, especially for entertainment purposes. The mission is made possible because the designer can vary with lines and contrasts within the large color choices of Marmoleum flooring. (Marmoleum deep ocean, moraine and stucco rosso are out of collection. When you click on the tabletops below, you will be directed to the new Marmoleum Marbled collection for alternative colors).

Interior designer	Mr. Eric Hung
Photographer	JEB – Pocky Chan
