

T-Mobile Office Park, Warsaw, Polska

T-Mobile Office Park is an impressive office building in Warsaw's Mokotów district areas. The construction of the office building started in June 2012 and ended in May 2013. The office space of this seven-story office building reaches 40.000 m2. The building has achieved a final certificate BREEAM Excellent. The interior is a 'show' of architectural imagination. Colors, choice of materials, modern solutions are breathtaking. On the floor digitally printed Forbo Flotex was installed. The patterns strikingly reflect natural materials like: paving stones, sand on the beach, an athletics track, geometric patterns, real-feria colors. Flotex is a unique textile floor covering that combines the hard wearing and durable characteristics of a resilient floor with the quality, warmth and comfort of a carpet.
