

**Talk Talk**

Forbo’s natural and sustainable linoleum tile collection, Marmoleum Modular, has been chosen by Claremont Group Interiors for TalkTalk’s new North-West flagship office in the heart of Salford Quays. The state-of-the-art Soapworks building spans over five floors, bringing together 1,300 employees from the former Irlam and Warrington sites. Amelia Eslick, Senior Designer commented: “We chose the Marmoleum Modular tiles as they allow you to mix and match and create your own individual floor designs. We created big ‘T’s in purple, pink and blue throughout the office working spaces to reflect the brand name and used light brown shades with wooden effects in neutral areas such as the fifth-floor Quayside Restaurant. The format of the tiles meant that we didn’t need to make any unnecessary cuts so when it came to installation, it was simple and easy and we weren’t adding in any extra work or costs.” View the case study on the Claremont website
