

The Gem

The Gem, a landmark on the A10. A multi tenant business centre that owes its name to its diamond appearance because of its shape and golden facade. You never get a second chance to make a first impression. That is why the entrance and public spaces have recently been completely renovated. In the middle a lobby with delicious coffee and a 'golden' bar, low and high seats and of course various meeting rooms. Because of the beautiful lines, the luxurious and warm appearance, Allura in Hungarian point has been chosen. The combination of Allura charcoal solid oak (deep black) with Allura waxed oak (golden brown) gives the social heart of the building a beautiful lively atmosphere. A project to be proud of!
