

The Glow Circuit

A minimalist wellness space designed for mind and body. Glow Circuit is a unique wellness studio in Perth offering a holistic blend of fitness training, yoga, mindset coaching, and mentoring. The space is purposefully designed to support individual wellbeing through simplicity, calm, and clarity. To reflect its mission, the interior design embraces a soft, minimalist aesthetic look that feels both contemporary and comforting. Forbo's Marmoleum Cocoa flooring was selected for its natural, sustainable composition and subtle visual texture, contributing to the warm, natural atmosphere of the studio. Beyond its refined appearance, Marmoleum Cocoa supports the centre's eco-conscious values. Made from renewable ingredients and enhanced with recycled cocoa husks, it's a durable, low-maintenance choice that's as kind to the environment as it is to the senses. Glow Circuit is more than a fitness studio it's a space designed to inspire personal growth, calm the mind, and care for the planet.
