

**Titanic Belfast**

One hundred years after the birth of the world's most famous ship, the Titanic Belfast has become a major new tourist attraction for Northern Ireland. 2500m<sup>2</sup> of Allura Flex loose lay tiles were installed throughout the main exhibition area in the dark grey Nero Concrete colour, while 125m<sup>2</sup> of Nuway Grid with Coral infills was installed at the main entrance and exit areas to remove the worst of the dirt and moisture being tracked into the building.
