

Tudor Place Student Accommodation

Capturing the traditional charm of the Tudor period, London-based design studio, Upcircle, designed Chester's newest student accommodation by taking inspiration from the city's history and architecture. With the help of Forbo Flooring Systems' comprehensive portfolio, including its recently refreshed Allura Luxury Vinyl Tile (LVT) collection, a warm, striking and sophisticated interior was created. From the branding and signage through to the interior design, Upcircle's multi-disciplinary expertise has helped to shape Fresh Student Living's latest development, Tudor Place. Located only a stone's throw away from Chester City Centre, the four-block student accommodation complex comprises 323 bedrooms and studios, as well as an array of modern facilities such as an on-site gym, a multi-media room and a communal lounge.

Location	Chester, UK
