

Woningcorporatie De Veste

Housing corporation De Veste is going for a suitable home for you. In doing so, they focus on increasing the sustainability of homes and creating awareness in the field of energy consumption. The look and feel of the offices must also radiate this. That is why we opted for sustainable marmoleum concrete. Flotex Vision Floral ensures the homely feeling of the housing corporation. Both, canteen, lounge and offices are provided with a whole new look.
