

Wooncentrum Theresia

The Theresia center in Vught, The Netherlands, offers accommodation to various forms of housing. In addition to care places and nursing places (psychogeriatrics or pg), sheltered homes and care apartments have been transformed into sheltered homes plus. In addition, there are numerous facilities that contribute to a pleasant stay for residents. There is a restaurant, a shop and a homely common room. The floral pattern in the Marmoleum floor is made with the help of our Aquajet technology.
